

Daily Toxins

Checklist

Checklist For Reducing Blocking Factors and Toxic Load

INSTRUCTIONS: Place a "1" in each column for things that are TRUE (things your are using or doing). These are areas of opportunity to reduce your toxic load. Review your total score at the bottom. Based upon your score look to reduce your toxic load in the areas that you marked "1", retest yourself every few months and watch your score improve.

The Environmental Working Group (www.ewg.org) is a great resource to check toxic load of many consumer products. You might find these EWG guides very helpful in swapping out personal products:

Test 1 Test 2 Test 3
